

Statement

Date: April 2, 2025

To Whom It May Concern,

We hereby declare that the raw and auxiliary materials used in our production of Citric Acid is Non-GMO. Our suppliers of corn confirm that they have not applied any genetic modification technology in their process nor be there any genetically modified ingredients in the raw and/or auxiliary materials they used therein. In the process of manufacturing Citric Acid, we use only one microorganism aspergillus niger, which is confirmed not to be genetically modified either. We, therefore, declare that Citric Acid we produce is Non-GMO.
