

## RWC (UK) Ltd Declaration: REACH EU/UK

Reliance Worldwide Corporation (UK) Ltd is defined as a '**Downstream User**', in accordance with REACH (the Registration Evaluation and Authorisation of Chemicals).

RWC (UK) Ltd is aware that the SVHC List is updated twice a year. RWC (UK) Ltd is also aware that it was updated on 17<sup>th</sup> January 2023. Due to the nature of the RWC (UK) Ltd supply chain, we are reliant on our suppliers providing us with updated information on their position with regards to REACH and the latest SVHC List.

RWC (UK) Ltd is able to state to the best of our knowledge from information submitted to us by our suppliers, that the products listed in the Appendix [Table 1], do not contain substances listed in:

- Annex XVII of REACH
- Substances included in the Candidate list of SVHC for Authorisation in concentrations exceeding 0.1 %(w/w)

The products listed in the Appendix [Table 2], also comply with statements above, with the following exception as they are manufactured with components in brass as an alloying element with a content >0.1% by weight, where lead is present:

- Substance name: Lead
- EC No.: 231-100-4 • CAS No.: 7439-92-1
- Conc. range (% w/w):  $\geq 0.1\%$  w/w and  $< 4\%$  w/w

If we receive any information, which shows any articles we supply to you that contain substances listed on the candidate list, and in levels prohibited under the guidelines of REACH, we will update the statement accordingly.

This declaration will be updated periodically, as and when required, and is valid without a signature.
